MAINTENANCE 2020

May 12 – 14, 2020

Rovinj, Hotel Lone, Croatia

Dear friends, experts in Maintenance and Physical Asset Management!

The Counseling Program and Organizing Committee invites you to the 26th MeditMaint 2020 International Conference and Exhibition, Maintenance 2020. This year's consultation and exhibition will be titled

Maintenance Is as Much Art as It Is Science

We expect more than 150 participants, plenary lecturers from all over the world, which should be worth your appreciation as engineers and maintenance managers and asset management experts. We hope that in a constructive and traditionally pleasant atmosphere of Consulting in the beautiful city of Rovinj, you will gain new experiences and knowledge, gain new business information, make deals, friendships and partnerships that will be an opportunity for your companies and for your personal prosperity.

OBJECTIVE OF THE CONSULTATION

The aim of the consultation is to highlight the importance of property maintenance and management through the exchange of knowledge and experience of engineers, experts, scientists, manufacturers and equipment maintenance personnel. We wish that the gathering and communication of maintenance experts and scientists, as well as exhibitions and presentations by equipment manufacturers, encourage new and useful topics in the professional and research work related to the maintenance and engineering business in the broad sense. The choice of venue for this year's consultation is related to the intention of bringing together maintenance and property management experts from Mediterranean countries from three continents. Eminent lecturers from Europe and the world guarantee the curiosity of the content of consultations in various fields of the energy, construction, oil, pharmaceutical and food industries ...

CONSULTING MISSION

The mission of this consultation is the scientific and professional advancement and networking of experts and businessmen from the world of engineering maintenance and property

management.
